EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Arthur Crawford on January 05, 2006.

The application has been amended as follows:

Reasons For Allowance

The following is an examiner's statement of reasons for allowance:

Claims 1, 5, 14, 18, 27, 29-30 and 32 are allowed as amended over the prior art of record that neither teaches or suggestive of an electrode paste composition comprising the CuO or CuO and Cu as main components, their ratios and the critical element of a cooperative material mainly made of oxide having PZT perovskite structure.

The examiner finds the phrase 'mainly' to be non-ambiguous over the arguments by the applicants (Response: Page-5) and it's meaning as 'chiefly' per the Webster's Dictionary, and construes it to be more than 50 wt%.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kallambella Vijayakumar whose telephone number is 571-272-1324. The examiner can normally be reached on 8-5.30 Mon-Thu, 8-4.30 Alt Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Yogendra Gupta can be reached on 571-272-1316. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
